ARE YOU READY to work as part of a creative, multidisciplinary team?

Creativity, Collaboration, Communication and Problem Solving (C3PS) in Multidisciplinary Teams

A class using team-based creativity to help you develop your skills at working as part of a multidisciplinary team while at the same time pushing you to explore and expand your own creative knowledge and abilities!

Enrollment is available as:

- ISAT 280-0002 (16594)
- SCOM 318-0005 (13820)
- ARTS 280E-0001 (16862)
- ENGR 280-0001 (14835)
- HON 362-0001 (16537)

with the Honors section counting as part of a two-semester “Area of Emphasis” sequence in Creativity.

Interested? Enroll and/or come to our “pre-Spring semester” information session on Monday, November 9th at 8 PM in ISAT/CS 159!
